**Am I ready for venture capital?**

# VC is not always the most suitable type of financing

---

## Venture Capital ...

.... is aimed at fast-growing, capital-intensive startups

# Venture Capitalists aim for high returns

---

**Goal: Individual startups should have the POTENTIAL to return up to 50% of the fund volume**

**Background: achieving a risk-adjusted return**

**Consequence: key considerations when selecting startups:**

**Team**

**Market**

**Product/  
Solution**

# Team

---

**Attitude**

**Commitment**

**Leadership & vision**

**Sell & convince**

**Team**

**Co-investors**

# Market

---

**Growth**

**Market size**

**First mover / USP**

**Competition**

**Product-Market Fit**

**International roll-out**

# Product / Solution

---

**Real value add**

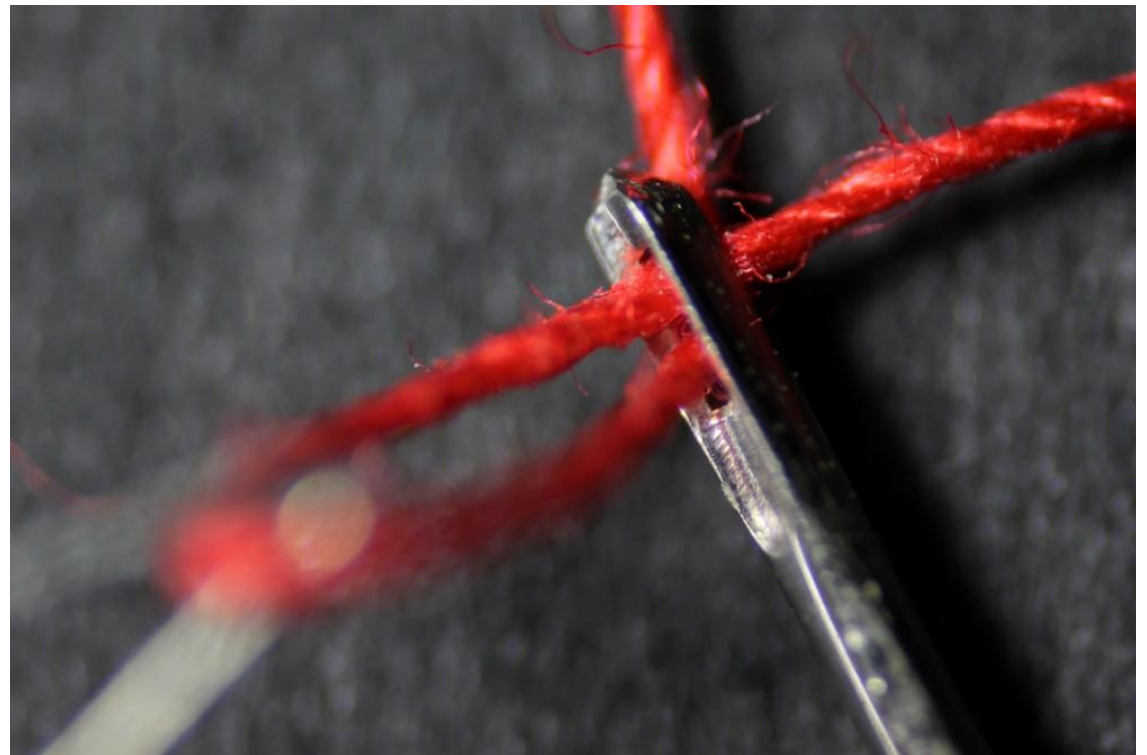

**New solution / approach**

**Customer feedback and traction**

**Expert knowledge**

**Product-Market Fit**

**Due Diligence solid**
